

As the MARIPOSA project is coming to an end, we are thrilled to share with you the latest developments of our ongoing commitment to fight violence on women and raise awareness against gender-based violence. Over the past few months, our team has worked tirelessly to organise a series of key events to present the results of our project and raise awareness about such an unfortunately current issue.

MULTIPLYING CHANGE IN AUSTRIA, ITALY, SPAIN, GREECE AND ROMANIA

Our events have been a key step in spreading awareness and actively involving the community. In Austria, Italy, Spain, Greece, Romania and France we have organised and are currently organising engaging meetings where we have shared and will share the results of our project so far. These events provided a valuable opportunity to stimulate dialogue and reflection on how to collectively combat gender-based violence.

AWARENESS CAMPAIGN FOR THE INTERNATIONAL DAY

Coinciding with the International Day for the Elimination of Violence against Women, we launched awareness-raising campaigns to amplify the voice against gender-based violence based on our **Guide on Capacity building of Peers in Multiplication and Networking Strategies**. Through our digital platforms and local activities in partner countries, we shared useful resources and crucial information to educate and mobilise the community.
